FERRATUS 2008

Type of wine: Red wine.

Denomination of origin: Ribera del Duero.

Variety: 100% Tempranillo. Grapes from vines between 40 and 80 years old in gobelet.

Land: Vineyards in the municipalities of La Horra, Roa, Olmedillo, Quintana del Pidio, Sotillo de la Ribera and La Aguilera.

Harvest: Hand-picked in 15 kg boxes and selected on tables in the winery. Second grape selection table.

Elaboration: Stainless steel tanks. Malolactic fermentation in oak barrels.

Ageing: 12 months in new French (95%) and American (5%) oak bottles with customised toasting.

Bottling: April 2010 on the estate. No cold stabilising.

Consumption temperature: Between 16 and 18°C.

Date released on the market: April 2013.

Limited production: 38,500 x 0.75 l bottles.

Alcoholic strength: 14% vol.

Total acidity: 5.3 g/l.

TASTING NOTES

At the **visual phase** we are looking at a very opaque wine with an intense picota cherry red colour, shades of violet and a plenty of glycerine.

The wine has a splendidly strong **nose** with aromas of red and black berries and outstandingly evocative touches of violet caramel, mineral notes and slight hints of toffee and chocolate. The wood is very well integrated, with faint notes of tobacco and a very complex final overall conclusion.

In the **mouth**, the tannins are polished, silky and velvety on the palate, giving a final sensation of a pleasantly integrated whole, with notably compelling character and power. As the wine moves through the mouth, volume and smoothness are always pleasant. The acidity is properly balanced to make a harmonious whole, giving a sensation of freshness. Splendid, long, enveloping aftertaste.

All in all, a modern wine with well-developed elegance.
